Search Tips:

In a **Simple Search** you'll receive results that contain all of your search terms. These may match keywords in a title, author names, subjects, abstract, or other descriptions.

Use the **Advanced Search** instead to pre-limit to search only in specific fields, material types, and publication dates.

**Use the Filters to limit** to items available online or physically available in library. You can also include or exclude particular resource types, dates, authors, or subjects.

The asterisk (*) character can be used as a wildcard in place of one or more characters. Examples: `recycl*`, `organiz*`, `hymn*`

Enclosing your search in quotes "" will only return results with an exact match. Examples: “global warming”, “Affordable Care Act”, “mutual funds”

Searches can also be nested in (), combined with "" and Boolean operators AND, OR, NOT. Example: “World War II” AND (sites OR battles) NOT (Normandy OR Pearl Harbor)
Library Catalog – **Advanced Search**

- **Search Scope** (left, row) - drop down menu - “Library Catalog” or “GT Theses & Dissertations”

- To search only the journal names, use the upper right drop-down menu “Format” – “Journals”
- GT theses & dissertations are also linked in the Library Catalog
• Conduct a search, limiting to only "Library Catalog"

• **Availability** (right column)
  - "Full Text Online" (full text electronic)
  - "Available in Print"

  - Physical items (usually **print** - hard copy) located in one of the GT Library’s locations
Search Tips:

• The **asterisk (*)** character can be used as a **wildcard** in place of one or more characters. Examples: `recycl*`, `organiz*`, `hymn*`

• Enclosing your search in **quotes (" ")** will only return results with an **exact** match. Examples: "signal processing"  "Affordable Care Act"

• Searches can also be **nested in** (parenthesis), combined with **quotes** and **Boolean operators** **AND, OR, NOT**.

  Boolean operators are in **capital letters**.

  Example: ("World War II" **AND** (sites **OR** battles))
Limit by **Field** (left column):

Catalog – Print vs. Online

• Books and journals
  ➢ Can have **both online** ("View It" or "View Online") and **print** ("Get It" - Request) holdings within the **same** record
  or
  ➢ The Catalog may contain **separate records** for the print and electronic formats

• "The library also has physical copies" – the Catalog record has **both** electronic and print within the **same record**
To restrict your Catalog search to only journals (not books), limit a search to Journals ("Material Type") and to "Library Catalog" ("Search Scope")

Each time a journal changes its name, there may be a separate record for each title change.

Each "title change" record will have its own holdings information (years/volumes)

Electronic journals can be searched by title or ISSN using the electronic “Journals” webpage (left, top row "Find, Borrow, Request“ -- “Find Materials”)

Catalog – Journals
Catalog – Journals

• Note the journal holdings information (year and/or volume) for both the print record ("Get It") and the electronic record ("View").

• For example, we may own volumes 1-30 in print, but not begin our electronic subscription until volume 31.

• The E-Journals list and Catalog e-journal records contain aggregator e-journals with possible selective coverage and embargo date restrictions (EBSCOhost, ProQuest, GaleGroup, Factiva, Lexis Nexis, etc.). If available, use the Library subscription choice.
Recall a checked-out book

- **Borrowing Policies:**
  - All items are subject to Recall
  - The borrower is guaranteed 21 total days with items (unless needed for Course Reserves)
- You can “**Recall**” any **checked-out book**. Contact an associate in the Public Services area (Crosland Tower Ground Floor Grove Level, Library Store) or phone 404-894-4530
Circulation, Recall and Check-out Questions

- For check-out, Recall, and circulation questions, contact the Library’s associates in the **Public Services** area (Crosland Tower, Grove Level Ground Floor, Library Store), or phone **404-894-4500**
Requesting a “Recall” on a checked-out book prevents the student from keeping the book for the entire semester.
Can “Recall” checked-out books. For Recall questions, visit the Public Services area (Crosland Tower, Ground Floor Grove Level, Library Store) or phone 404-894-4500

This book is in the “Core Collection” (temporarily in the Library Service Center; later to be moved back to the main campus).

It is checked out.
Request and check-out books

• To check the **status** of the books you've checked out see your "**My Account** " in the **Library Catalog** ("**Sign in**")

• **Check out** books in the **Public Services** area (Crosland Tower, Grove Level, Ground Floor, Library Store)

• **Request** that a book be retrieved from the **Library Service Center**:
  - "**Sign in**" then
  - "**Get It**" then
  - "**Request**" in the **Library Catalog** record
Georgia Tech Library owned print books

- **Borrowing Privileges**: loan periods, fines, renewals and recalls
- For GT faculty/staff: GT Library book delivery to departments *(LENDs) is only for GT faculty and staff*
- About 98 percent of Georgia Tech’s physical collection has been moved to the **Library Service Center**
- Locates can be requested for items that have been missing for an extended period of time. Contact an associate in the Public Services area (Crosland Tower, Grove Level, Ground Floor, Library Store) or phone 404-894-4500
**Course Reserves.** Pickup at GT Library’s Public Services area (Crosland Tower, Grove Level Ground floor, Library Store)

- “**View It**” or “**View Online**” (electronic)
- Print (“Get It”) and the electronic (“**View It**” or “**View Online**”) **holdings** (volume/date) information will be given in the Catalog records.
- For **photocopies (PDFs)** of individual **print** journal articles, conference papers, and brief book chapters, fill out an **ILLiad request form** at [http://illiad.library.gatech.edu](http://illiad.library.gatech.edu)
Conference Proceedings

• Proceedings records -- Books and/or serials:
  ➢ Catalog "serial" records combine all volumes and years for the same title into one record. Searching of specific conference years or unique conference titles is impossible. Only the title occurring every year can be searched
  ➢ Catalog "monograph" (book) records are for a specific conference proceedings, held on a specific date and at a specific location, with an unique monographic title
Conference Proceedings

• Many proceedings database records contain more than one conference information field. Database fields: serial title/source, conference name/monograph title, conference date/location/sponsor, publication year, etc.

• ISSN Problem. "ISSN number" conference proceedings searches in the Catalog may not work, although the conference is in the Catalog. Proceedings can require viewing of all database conference fields

• Ask for help!

For more information, see the GIL Express homepage.
Start from the Library home page to **initiate** database, e-journal and e-book OpenAthens **authentication**

For example, an IEEE Xplore record may **require a fee** to view the document.

**Begin at the Library home page** (Catalog, eJournal, Databases) to access the Library’s IEEE Xplore database **subscription** (at **no charge** to you)
OpenAthens E-Resource Authentication

While accessing e-resources off-campus, you may notice an OpenAthens login screen. The OpenAthens screen will ask you to identify your home. Use the "Login via your institution: Other Institution Login" (box, right column of screen) then "Find your organization" or "Find your institution" to search for Georgia or Georgia Tech or Georgia Institute (Georgia Institute of Technology or Georgia Tech); the OpenAthens list may not be alphabetical. See example. From there, use the Georgia Tech login service and you will be given access to the resource.

If you see a different screen, you may need to look for sign in or login links, usually at the top; you might be asked to select your Federation, which is OpenAthens Federation or Open Athens Federation. Learn about the Library’s OpenAthens Authentication service at OpenAthens Frequently Asked Questions or OpenAthens FAQ. See other examples (Open Athens Tips and FAQs, with three screen examples).

Begin at the Library home page, choosing Databases, Journals (e-Journals), or the Library Catalog. A list of all databases is at http://libguides.gatech.edu/az.php (top row "Find, Borrow, Request" - "Find Materials" "Databases" then search by database name in the search box, or search the database name alphabetically or by subject).
